

**TITLE 16. CALIFORNIA ARCHITECTS BOARD
LANDSCAPE ARCHITECTS TECHNICAL COMMITTEE
NOTICE OF PROPOSED CHANGES IN THE REGULATIONS**

NOTICE IS HEREBY GIVEN that the California Architects Board (Board) is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at the California Architects Board, 2420 Del Paso Road, Suite 105, Sacramento, California 95834, on **September 13, 2006 at 2:00 p.m.** Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Board at its office no later than 5:00 p.m. on **September 12, 2006** or must be received by the Board at the hearing.

The Board, upon its own motion or at the insistence of any interested party, may thereafter adopt the proposal substantially as described below or may modify such proposal if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as the contact person and will be mailed to those persons who submit written or oral testimony to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference: Pursuant to the authority vested by section 5630 of the Business and Professions Code (BPC), and to implement, interpret or make specific sections 5681 of the BPC, the Board is considering changes to Division 26 of Title 16 of the California Code of Regulations (CCR) as follows:

INFORMATIVE DIGEST / POLICY STATEMENT OVERVIEW

BPC section 5630 authorizes the Board to adopt, amend, or repeal rules and regulations that govern the examination of applicants for licenses to practice landscape architecture in California. BPC section 5651 requires that the Board administer a written examination that ascertains the professional qualifications of all applicants for licenses to practice landscape architecture. BPC section 5681 authorizes the Board to charge fees for sections of the licensing examination that do not exceed the actual cost of purchasing and administering those sections.

Existing regulation specifies fees to be charged for each section of the examination, as well as other administrative fees. Additionally, in 2004 the Joint Legislative Sunset Review Committee (JLSRC) recommended the Landscape Architects Technical Committee (LATC) should make efforts to assure that applicants for licensure pay the full costs to the Board for processing applications and providing examinations rather than subsidizing these costs with licensing fees.

The Council of Landscape Architectural Registration Boards (CLARB) is the national test vendor that supplies the Landscape Architect Registration Examination (LARE) to the LATC. The LARE consists of five sections, three multiple choice and two graphic, for the purpose of testing the knowledge and competency of potential licensed landscape architects. Prior to August 2004, CLARB administered all five sections of the examination. Currently, three sections of the examination are administered by CLARB at nationwide testing centers; the other two graphic examination sections are administered directly by the LATC. Subsequent to passing all five

sections of the LARE, candidates are required to take the California Supplemental Exam (CSE) in order to attain final eligibility for licensure.

On September 19, 2005 CLARB provided the LATC with increased costs to purchase individual sections of the LARE and LARE reviews effective 2006 through 2008. The LATC also is proposing an increase to the cost of the CSE to align more closely with other states' fees and further enable the LATC in recovery of administrative expenses per JLSRC recommendation.

This proposal would do the following: 1) delete out-dated licensing examination fees, 2) delete reference to Sections A, B, and D of the LARE, since those sections are now administered by CLARB, 3) modify examination fees for Sections C and E of the LARE to reflect the cost of purchasing the examinations from CLARB, effective upon filing of regulation and July 1, 2007; 4) modify the standard and red line review fees for Sections C and E of the LARE to reflect the cost of purchasing the review session materials from CLARB, and 5) modify the CSE fees to align more closely with those of other states and enable recovery of administrative costs directly associated to the CSE.

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Cost/Savings in Federal Funding to the State: None

Nondiscretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Cost to Any Local Agency or School District for Which Government Code Section 17561 Requires Reimbursement: None

Business Impact: The Board has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

Impact on Jobs/New Businesses: The Board has determined that this regulatory proposal will not have a significant impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

Cost Impact on Representative Private Person or Business: The cost impact that a representative private person or business would necessarily incur in reasonable compliance with the proposed action and that are known to the Board is an increase in the examination fees paid by candidates for the LARE, CSE, and examination reviews.

Effect on Housing Costs: None

EFFECT ON SMALL BUSINESS

The Board has determined that the proposed regulation would not affect small businesses. This proposal would do the following: 1) delete out-dated licensing examination fees, 2) delete reference to Sections A, B, and D of the LARE, since those sections are now administered by CLARB, 3) modify examination fees for Sections C and E of the LARE to reflect the cost of

purchasing the examinations from CLARB, effective upon filing of regulation and July 1, 2007; 4) modify the standard and red line review fees for Sections C and E of the LARE to reflect the cost of purchasing the review session materials from CLARB, and 5) modify the CSE fees to align more closely with those of other states and enable recovery of administrative costs directly associated to the CSE.

CONSIDERATION OF ALTERNATIVES

The Board must determine that no reasonable alternative which it considered or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective as and less burdensome on affected private persons than the proposal described in this Notice.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing.
